

Pick-up Truck Set with flexible tank

Especially developed for Pest Control at strategic points.

- The pick-up truck set with flexible 250L tank*, was developed to be carried on any model pick-up truck, including small vehicles.
- Highly efficient from the standpoint of control of larvae foci of endemic disease vector mosquitoes, in particular at strategic points.

Exclusive Advantages

- **Pump Set:** safe coupling system, through which engine and pump are coupled using a shielded gearbox;
- **Agitation of the Mixture:** by using a liquid bypass system, the kit ensures complete agitation of the formula, including "wetttable powders";
- **Application Lance (gun):** equipped with a ceramic nozzle (tip), offering high wear resistance. The spray will reach application distances of up to 20 m;
- **Hose reel:** working pressures of up to 400 bar (600 Psi).

Code: 446.10 / 250 L

equipment

Pump Set

1 – Honda GX 160 engine: with exclusive safety system that interrupts the operation of the set in the event of oil shortage in the engine.

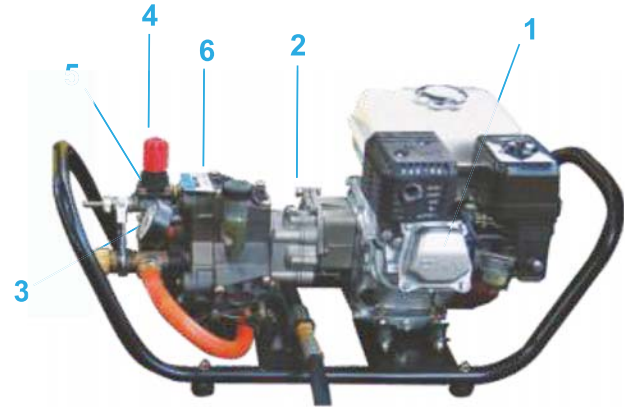

2 - Gearbox: transmits the engine revolutions to the pump without the need for the obsolete and dangerous belt and pulley systems.

3 – Pressure Gauge: with hands in glycerine dip for better gauging of the working pressure.

4 – Pressure Control Stopcock: provides a wide range of adjustment settings for the working pressure (40 to 300 Psi).

5 – Pump Pressure Release Lever: releases pump pressure when starting the engine or when running on standby.

6 – Hour-meter/Tachometer: for tracking engine hours and revolutions history, by recording this data for the hours worked.

Characteristics of the Application

Application Distance (Mist Curtain)

Technical Specifications

Engine GX 160	4 Stroke	Spray reach (full jet)	20 m
Displacement	163 cc	Maximum Flow Rate (Rated)	39 L/ min
Power (maximum).....	5.5 HP	Maximum Flow Rate (Work)	20 L/ min
Fuel consumption/hour	1.52 L/H	Product tank (capacity)	250 L*
Fuel tank (capacity).....	3.8 L	Pump Shipping Box	820 x 385 x 490 mm
Pump weight	16 Kg	Thank Shipping Box	590 x 500 x 490 mm
Total weight	52 Kg	Hose Reel Shipping Box	625 x 500 x 490 mm

*Available in 400 and 700 litre tanks, on request.
